**2017
VETERAN
SCHOLARSHIP**

About the Scholarship

We are a small business that makes custom challenge coins and other products for people. We are Navy veterans and also love giving back to our country and those who have served as well. Which is why we decided to create this scholarship—so we can share our success and help others to find their own success in life. This scholarship is a way for us to do that.

The scholarship is for veterans or any person, and is meant to help a few people every year think about how they could improve their lives and then give them some money to do so. You simply tell us a little about yourself following our brief rules, and we award our first scholarship in January.
